

USER'S INSTRUCTIONS MANUAL

Congratulations for purchasing our interactive multimedia course for British English language for real-life business communication!

How to start using the “BBC Video CLASSIC BUSINESS ENGLISH”

Fully automatic Copy / Installation

1. Insert the disc in your computer's DVD drive or download from the link.
2. When you see the window with the installation prompt, please click **“Install”**. The course will be copied to your hard disc. (You will see the progress on the screen).
3. When you see the final message, click **“Finish”**
4. When the window “Select language” appears, chose and click your first language [this is the language for support], then click **“Confirm”**. Wait until the program loads.
5. A new icon will appear on your desktop screen Click on it to start the product.

Registration

When you start the Classic Business English, **for the first time only**, you will be asked to register your personal copy. You only need an Internet connection to register.

This will take 2-3 minutes. Just follow the instructions on the screen.

1. Screen “License agreement” – click “I agree”
2. Screen “Start registration” – click “Start registration”
3. Screen “Data” - Fill the fields marked with (*). Click “Send”.
4. When you receive back your “Personal Key” - a number coloured blue – copy it and paste it in the “Personal key” field on the second screen (“Start registration”)

Learning Business English

You don't need an Internet connection when using the course, as the contents are now on your hard drive. Please read carefully the “Help” section and familiarize yourself with the best way to learn and practice your listening comprehension, comprehension, vocabulary skills, grammar exercises and improving pronunciation using the unique voice recording system shown below.

Good luck and have fun learning English!
